Student Reflections

ADVICE FOR EMPLOYERS:

“A little personal connection goes a long way in a world where many employees are treated more like a number than a person!”

“Make it a conversation and not just telling us everything, I think we want to connect and see that working for you is a team effort.”

OVERALL THOUGHTS:

“Even though this semester’s career fair was virtual, I had some meaningful conversations that I feel hold promise for future employment!”

“Great opportunity to find valuable opportunities for a career path.”

“It was a great learning experience and a way to build professional connections for the future. It helped me narrow down my interests in what I want to do for an internship and job/s in the future.”
