# ADVICE FOR STUDENTS

## From Students

*“Get prepared, bring your resume, read about the companies you are targeting, and be confident about what you have, there are always opportunities that serve your needs and dreams”*

– School of Engineering Student

*“Don’t be scared to talk to a company you think looks interesting even if you don’t know anything about them. You can quickly research on your phone on the sides of the gym or just walk right up. Most employers will just start explaining what they do when you go over to them”*

– School of Engineering Student

*“Don’t be scared to walk up and talk to people! They want to talk to you!”*
