 YMCA Camp Campbell Gard
 YMCA Camp Potawotami

STUDENT & EMPLOYER ADVICE

“Every student must attend career fairs.”

- Masters student, Chemical Engineering Major

“Come prepared! Have resumes and know what you are looking for in a company.”

- Junior, Marketing Major

“Generally, it may have been helpful to know more clearly when different students were going to graduate. One of my ‘best’ conversations was with a student that I later realized was a first-year. I could have shared different, more relevant information with them had I known their place in their academic career...Generally, most students seemed excited and ready to engage employers. I think bringing a couple of questions to the event that they can ask each potential employer may support them further.”

- City Year

“Surprised how many students come up and openly admit they did not do any research or have no idea what a company does. In contrast, some students had clearly done prep (had detailed notes and things they wanted to ask).”

- Energy Harbor

“I always enjoy my time at UD. We get so many great students. I look forward to being back in the fall!”

- Independence Excavating

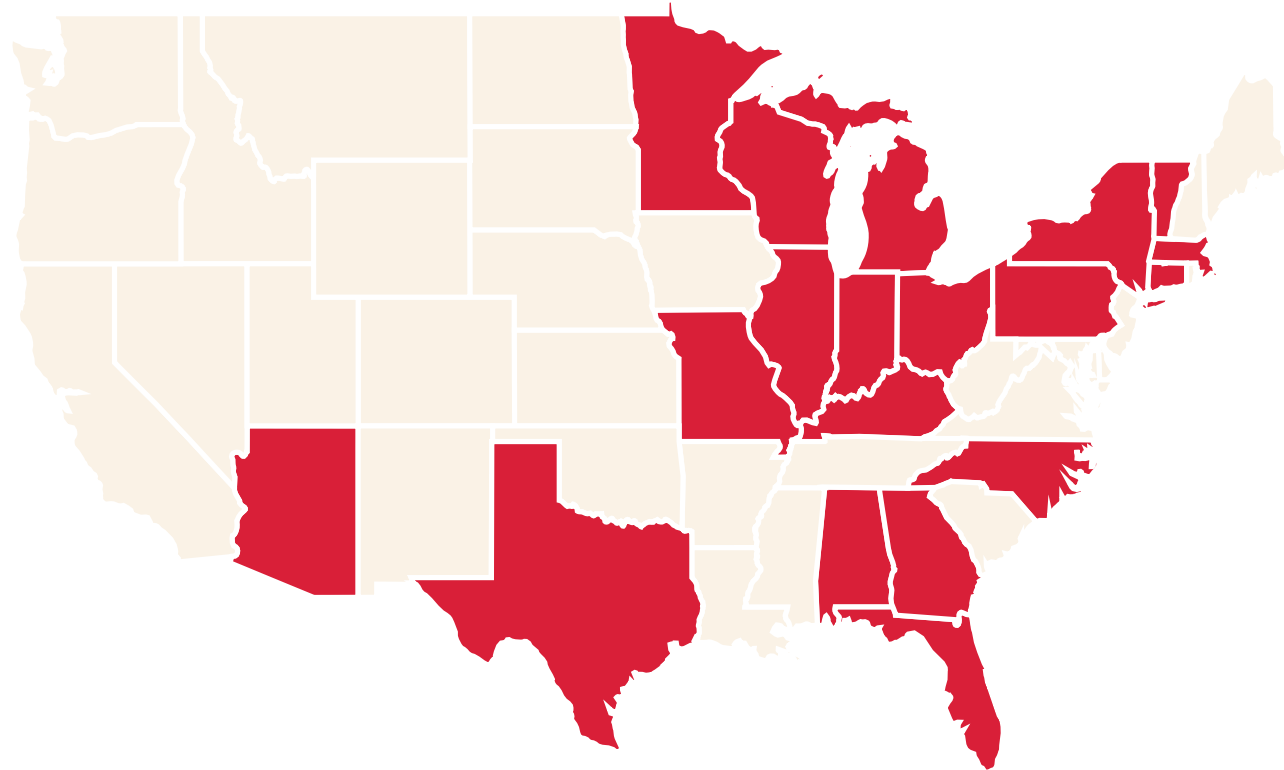

“Only feedback I have is that students were excited [and] full of energy. They just didn’t seem to know much about the companies and what we were hiring without our signs or flagging them down.”

- Altec Industries

General Themes: Bring resumes & research organizations in advance
