EMPLOYER/SCHOOL FEEDBACK

“My biggest advice for all interviewees is to take time and think through your response. Often times we lose track of our answers and they don’t fully answer the question.”

“Overall they did a nice job. Make sure resumes include their certification at the top of the resume and that references are included on the resume.”

- Lebanon City Schools

“Look recruiters in the eye. Every recruiter. You never know where your recommendation will come from. Interview with confidence ~ several expressed open concern about their lack of classroom management skills. Encourage them to take the opportunity to do Field or Student Teaching with MCESC ~ Districts love that they have that kind of experience with ED, MD and Dual students.”

- Montgomery County ESC

“Very prepared and professional! I was impressed with how polished the candidates were when it comes to interviewing and being very clear and confident when answering questions during the interview process. We have hired 5 University of Dayton Alums at Julie Billiard Schools and we are excited to hire more Flyers!”

- Julie Billiard Schools

“I was really impressed with the preparation of the students. They were highly professional and ready for the questions we asked.”

- Dayton Early College Academy

“Make sure students can articulate how they seek out ways to diversify their experience.”

“Continue to seek out opportunities to collaborate and interact with parents/guardians. In addition, prepare for and articulate an understanding of diversity in education.”

- Olentangy Local Schools
